INFORMATION (“CPNI”) RULES
March 1, 2009**

PCCW Global, Inc. (and its affiliates), hereinafter “PCCW Global,” provides this statement pursuant to Section 64.2009(e) of the Federal Communications Commission’s (“FCC”) rules, 47 C.F.R. §64.2009(e), to accompany its March 1, 2009 annual customer proprietary network information (“CPNI”) compliance certification.

Section 222 of the Communications Act (codified at 47 U.S.C. §222) establishes requirements for carriers to safeguard the use and dissemination of CPNI. The CPNI safeguards are implemented by FCC regulations set forth at 47 C.F.R. §64.2001-64.2011 (the “CPNI Rules”). In compliance with these rules, PCCW Global has adopted internal operating procedures and a compliance plan to implement the CPNI Rules. This statement explains how PCCW Global’s internal operating procedures ensure that it is in compliance with the CPNI Rules. This statement also explains any actions PCCW Global has taken against data brokers and a summary of all customer complaints received during the past year, 2008, concerning the unauthorized use of CPNI.

PCCW Global’s internal operating procedures and compliance plan contain the following elements:

Overview:

PCCW Global takes reasonable measures to discover and protect against attempts to gain unauthorized access to CPNI, including the authentication of customers prior to disclosing CPNI based on customer-initiated contacts. PCCW Global does not disclose or permit access to CPNI to track customers that call competing service providers. PCCW Global is committed to notifying the FCC of any methods of pretexting it discovers and of any actions it takes against pretexters or data brokers. Accordingly, PCCW Global’s internal operating procedures and compliance plan are designed to ensure that PCCW Global is in compliance with the CPNI Rules.

Designated Compliance Officer and Annual Certification/Record Retention:

PCCW Global has designated one or more officers, as an agent or agents of the company to act as the CPNI Compliance Officer. Such CPNI Compliance Officer is housed in PCCW Global’s Group Legal Department. The Compliance Officer is responsible for ensuring that PCCW Global is in compliance with CPNI rules and regulations. The Compliance Officer is the point of contact for anyone with questions concerning CPNI, whether internal or external.

Approval: For customer-initiated telephone inquiries regarding or requiring access to CPNI, PCCW Global authenticates the customer or its authorized representative, through a pre-established password, without prompting through the use of readily available biographical or account information. If the customer cannot provide a password, then PCCW Global only discloses call detail information by sending it to the customer's address of record, or by calling the customer at the telephone number of record. If a customer does not want to establish a password, the customer may still access call detail based on a customer-initiated telephone call, by asking PCCW Global to send the call detail information to an address of record or by the carrier calling the telephone number. PCCW Global password-protects online access to all CPNI, call detail and non-call detail. In addition, PCCW Global requires affirmative written/electronic subscriber approval for the release of CPNI to third parties.

Customers will be notified after the seven (7) day period, unless the relevant investigatory party directs PCCW Global to delay notification, or PCCW Global and the investigatory party agree to an earlier notification.

PCCW will maintain a record of all CPNI security breaches, including description of the breach and the CPNI involved, along with the notifications sent to law enforcement and affected customers.
